make and you could still make your adjournment after I have expressed my desires and explained the length of time necessary to fill that calendar.

PRESIDENT: Senator Simpson.

SENATOR SIMPSON: Mr. President, members of the Legislature, I think this would be a good rule change in that maybe someone would get up and make a motion to adjourn until 10 o'clock tomorrow morning at a time specific and the Speaker had already lined up for someone to come at 9:30 and talk to us, so he would only have to get up and remind us that we should be in session at that time. This would just be an example of what could easily happen where he should have an opportunity to talk on a motion even though it's not debatable.

PRESIDENT: Any further debate or discussion on the proposed rule change? Does the House desire the rule change read again before vote? If not, then the question is the DeCamp motion to adopt the rule change as read by the Clerk. Record your vote. Record Mr. Clerk.

CLERK: 32 ayes, 0 nays, Mr. President.

Mr. President, Judiciary gives notice of hearing of LB 548 has been set for Tuesday, March 4th. Signed, Senator Luedtke.

Mr. President, I have a communication from the executive office under date of February 13th addressed to the Honorable Jules Burbach, Speaker of the Legislature. (Read communication).

Mr. President, I move we adjourn. Signed, J. W. Burbach, excuse me.

PRESIDENT: Chair recognizes Senator Burbach.

SENATOR BUREACH: I have a note here and it is from the broadcasters. The broadcasters would like these distributed in the Senators offices. Is this OK? I'm going to recommend it is OK. This gives the telephone numbers, addresses, and the contact people within the Broadcasters Association. It will be in your box. I am asking or making the statement and telling these people it is OK and then you can have it for your use.

PRESIDENT: There is a motion to adjourn. All in favor signify by saying aye. Contrary nay. We are adjourned.
